

ANNUAL REPORT

Dear Parents,

It is with immense pride and joy that I share a monumental achievement with all of you today. KVM Public School has now officially been granted Senior Secondary affiliation by the CBSE, New Delhi.

This is a momentous step for our school and for each of our students. As a Senior Secondary School, we are now offering all the streams—Science, Commerce, and Humanities. This means that our children will now have even more opportunities to pursue their academic interests and excel in their chosen fields.

This affiliation is not just a recognition of our academic efforts but also reflects our commitment to providing the best education, aligned with the National Education Policy (NEP) 2020.

3. Infrastructure and Facilities:

As we move forward, we continuously strive to enhance the infrastructure and facilities to create an enriching learning environment for our students.

Modern Classrooms: Our classrooms are well-equipped with the latest educational tools to support interactive and engaging learning.

Library: We've just turned the page to a whole new chapter in learning!

This year, we've expanded our library to offer a massive collection of 2500+ books—a treasure trove of knowledge, adventure, and imagination!

From exciting fiction to in-depth reference books, we've got it all. And guess what? Our students can now explore the digital world too, with access to e-books and online resources right at their fingertips!

At KVM, we believe reading unlocks the doors to endless possibilities. So, get ready, because with our new library, learning has never been this fun!

ABACUS: , we firmly believe in making learning exciting and effective. To enhance mathematical proficiency, we have integrated Abacus and Vedic Maths into our curriculum. While Abacus sharpens mental calculations and focus, Vedic Maths introduces powerful techniques that make problem-solving faster and easier. These innovative approaches not only boost confidence in numbers but also develop strong logical reasoning skills, ensuring our students excel in mathematics with ease and enthusiasm.

Sports Facilities: We offer a wide range of sports facilities, both indoor and outdoor, ensuring that our students are engaged in physical fitness and team-building activities. Our indoor sports facilities include table tennis, badminton, chess, and carrom, while our outdoor sports facilities include basketball, football, Tennis cricket, and athletics. These activities are designed to foster teamwork, discipline, and physical well-being.

Safety & Security: At KVM, the safety and security of our students is our top priority. We have implemented advanced measures to ensure that every child is safe, both within the school premises and during transit.

Our school is equipped with 70+ CCTV cameras strategically placed across the campus, offering 24/7 surveillance. Additionally, all our school buses are fitted with GPS tracking systems, allowing real-time monitoring of routes and ensuring that our students are always accounted for during their commute.

We also have trained security personnel stationed at all entrances and exits, enhancing the safety of everyone on campus. These measures, along with regular safety drills and protocols, help create a secure learning environment where students can thrive without concerns

COUNSELLING: At KVM, we understand the importance of emotional well-being and personal development. To support our students, we have a dedicated, trained counselor on campus who provides individual counseling sessions tailored to the unique needs of each student.

Our counsellor is available to address a wide range of concerns, from academic stress to social and emotional challenges. These personalized sessions help students navigate various aspects of their school life, ensuring they receive the necessary support to thrive both inside and outside the classroom.

We believe that by nurturing a student's mental and emotional health, we empower them to reach their full potential and lead a balanced, successful life

4. Achievements in Extra-Curricular Activities:

“We believe in the holistic development of our students. Along with academics, we emphasize extra-curricular activities that nurture creativity, leadership, and teamwork.”

- **Arts & Culture:** Our students have shown remarkable talent in cultural activities, including dance, music, drama, and visual arts, winning numerous awards in regional and interschool competitions.
- **Debates & Public Speaking:** Students have participated actively in debates, quiz competitions, and public speaking events, showcasing their ability to express themselves confidently and persuasively.

Community Service: We have undertaken several community service projects this year, including tree plantation drives, charity events, and social awareness campaigns. This helps in instilling values of empathy and responsibility.

5. Technology and Innovation:

- We are committed to providing our students with the tools they need to succeed in the digital age. Our high-tech computer lab, now equipped with 40 i3 systems, ensures a 1:1 student-computer ratio, allowing each student to fully engage in their learning experience with personalized attention.

- In addition, we have equipped our auditorium with LED screen, enhancing the learning experience for advanced lessons and presentations. This integration of technology into classrooms and beyond ensures that students not only keep up with modern educational trends but are actively prepared for the future.
- As we move forward, we aim to provide even more opportunities for our students. We are expanding our academic curriculum, offering diverse streams and skill-based subjects, all aligned with the New Education Policy (NEP) 2020.”

With our new senior secondary affiliation, we are now ready to offer all three streams: Science, Commerce, and Humanities. This will give our students the flexibility to choose subjects that align with their career goals and aspirations. A

additionally, our vocational courses, such as Computer Science and skill-based subjects, will further prepare students for real-world challenges.

KVM Luminary Accolades:

we take pride in recognizing and nurturing excellence in our students. Through the KVM Luminary Accolades, we honour students who display outstanding achievements in various fields—be it academics, leadership, discipline, sports, or creative arts. From class monitors and incharges.

to subject toppers and all-round performers, each accolade is a testament to their dedication and hard work. These responsibilities and recognitions not only celebrate their success but also shape them into confident and responsible individuals, ready to lead and inspire., who embody the spirit of excellence and perseverance.

- KVM Public School is not just about academics. We are about fostering creativity, resilience, leadership, and critical thinking. With our new affiliation, updated facilities, and innovative teaching methods, we are all set to provide our students with the best opportunities to excel in every field they choose.

Thank you for your continuous support, and we look forward to working together with you for the betterment of our children and the future of our school. Together, we will continue to shape leaders, thinkers, and change makers.

- Thank you for being a part of our journey, and we hope to continue making strides in providing a holistic education to our children.”

THANK YOU
